- Topstitching Tip

Fabric: All the fabrics I use on **It's Sew Easy TV** come from [Vogue Fabrics](#)

Topstitching is not only stylish, it gives your projects a professional finish. I like to test techniques, stitch length and various threads, then keep the samples for future reference. Here are a few of my favorites:

- Triple stitch set at 3.5 – 4.0 stitch length
- Using 2 or 3 threads through the same upper needle
- Denim thread set at stitch length 3.5 to 4.0
- Cotton Thread

When stitching through thick fabric like denim on jeans, hammer the fabric from the wrong side of the fabric first. You can also push in the black button on the foot to go over humps without skipping a stitch.

For perfectly straight lines of stitching, utilize the laser feature on the sewing machine, chalk your lines, or use a quilters guide.
