

Season 1013.2

- Embellishing with Rhinestones

Fabric: All the fabrics I use on *It's Sew Easy TV* come from [Vogue Fabrics](#)
Patterns and Sewing Supplies: [The Angela Wolf Pattern Collection](#)

Looking for a fun, easy, and fast project for party decorations? This is it!

Using the Brother ScanNCut rhinestone feature, I downloaded the designs from my computer to the scanNcut. Lay out the black felt, felt side up as shown, and cut.

Place the black felt design in a box, then add rhinestones. Using the included brush, move the rhinestones around until they fill all the holes.

Cut your fabric – here I have used various colors of felt and cut around the edges with pinking shears (although you could cut the fabric with the scanNcut).

Press the design to the fabric. Be sure to use a high heat and hold the iron in place for a few seconds. Gently lift up the paper to make sure the rhinestones are sticking, if not press for a longer period of time.

Thanks it! Have fun with this one! 😊

The dress to the left is a version of my [Evelyn Dress pattern](#). The sleeves are embroidered, which was shown on a previous episode of It's Sew Easy. The removable tulle skirt was made with flowers cut on the scanNcut – just another idea for embellishing!
