

Season 1203.2

- Zip Off Pants into Shorts

Fabric, Patterns and Sewing Supplies are found on:

[The Angela Wolf Pattern Collection](#)

I first saw these pants on the fishing tournament trail; the weather in the morning is cool and then the heat cranks up with the afternoon sunshine. By adding a zipper above the knee, now the pants turn into shorts without having to bring extra clothing 😊

Supplies Needed:

Plastic zipper at least 18" long or width of entire leg

Join me ...       

- Measure from the inseam down where the shorts should fall.
- Chalk mark the placement for the zipper.
- Add a seam allowance to the chalk mark or add extra fabric (check that the length won't be too short if you use fabric from the pant leg for the seam allowance).
- Sew the zipper to one side of the pant leg.
- Sew the other side of the zipper onto the other pant leg – be sure to move the zipper head out of the way!
