Let's stay in touch! [CLICK HERE](#) to add your name to the letsgo sew.com email list for more tips, tricks, and sewing news. I'd love to help you make the most of your sewing machine!

Supplies featured in this segment include:

- [Brother](#) Sewing Machine
- [SA198 Adjustable Binder Foot](#)
- Embroidery thread and embroidery needle for decorative stitching.
- Pre-purchased, high quality napkins approximately 20-inches square.
- Double fold bias tape, 1/4-inch (6mm wide), approximately one package for each 20-inch square napkin.

Tip: Coordinate binding with a prominent color in your tableware. Make an extra napkin to wrap around a vase and use for a centerpiece.

Basic instructions:

Cut four pieces of bias tape several inches longer than each napkin edge. Set up machine with adjustable bias binder foot and adjust so tape is snug when inserted. Select a stitch such as the serpentine stitch and stitch over the trim from end to end on each napkin edge. Make sure to tie off stitch at beginning and end. Tie knots at each of the corners and trim on the diagonal to finish. For more detailed instructions you can [CLICK HERE](#) to view the original instructions on the brothersews.com website, along with additional projects in the Free Project archives on this site.
